QUALITY POLICY

JEF TECH Limited is focused on continuous quality services delivery without distorting service scope and time.

We shall achieve this by continuously using staff that are trained and motivated, while working with "state of the art" equipment.

JEF TECH Limited shall sustain this philosophy by:

- ✚ Continuously reviewing our Quality Management System from time to time and carrying out integrity test on equipment.
- ✚ Working based on International and National Standards.
- ✚ Constant improvement of our infrastructural and human resources.
- ✚ Implementing the highest standards relating to project management.
- ✚ Cooperating with contractors and suppliers to ensure quality services are rendered and best materials supplied.
